THE GLORIOUS TWELFTH.

Celebrations at Regina and
Pioneer—The Sports Spoiled
By a Drenching.

About sixty residents of the town
and district, among whom were the
members of the local Orange lodges,
boarded Wednesday's east-bound ex-
press. A monster Orange celebration
had been advertised and the orange-
men of Moose Jaw had received a
cordial invitation to participate. The
excursionists included also the mem-
bers of the Moose Jaw Lacrosse Club
who went to Regina to retrieve their
drubbing of Dominion Day, and wrest
if possible, the laurels from the victor-
ious Regina Club.

When the train arrived at Regina
station an immense crowd had gather-
ed. The Regina lodge in full regalia
were present to welcome the visitors.
The town band was present and played
several selections. The orangemen
formed in procession and headed by
the band marched to their lodge room.

At one o'clock the brethren as-
sembled again and marched to the race
track in the following order:

- King William.
- Marshall Clark.
- Union Jack carried by Standard-bear-
er Fowler.
- Regina Brass Band
- Regina L.O.L.
- Moose Jaw L.O.L.
- Fife and Drum
- Other Lodges.

During the march the band played
"Boysie Water," "The British Gren-
adiers," "The Protestant Boys" and
other party airs.

The procession and the numerous
rings containing citizens had barely ar-
rived at the grounds when a tremen-
dous thunder storm came up and there
was a general rush for shelter. The
pleasure seekers were crowded for the
most part into a large tent, where they
were packed like sardines. For about
30 minutes it rained and hailed and
when "the clouds rolled by" the ground
was so wet as to put playing out of
the question.

The people returned to town and the
remainder of the afternoon was spent
quietly until the arrival of the train.

THE DAY AT PIONEER

was celebrated as becometh the "glorious
twelfth." A number of townspeople
drove out to Pioneer Lake where a
grand picnic was held under the
auspices of Caron L. O. L. No. 1599.
An immense number of people were as-
sembled although the threatening ap-
pearance of the sky kept many at home.
An immense green arch had been erect-
ed and the usual Orange procession
passed under it, headed by the fife and
drum, the former played by Thomas
Getty, and the latter in the skillful
hands of A. Hurlburt.

The following programme of sports
was successfully carried out—

- | EVENT. | WINNERS. |
|---------------------|----------------|
| 100 yard race, | A. Dalrymple. |
| Hop, step and jump, | W. Simington. |
| Running long jump, | Geo. Tuxford. |
| Standing high jump, | W. Simington. |
| Running high jump, | J. Battell. |
| Standing long jump, | John Green. |
| Boys' Race, | Ben Ostrander. |

A refreshment booth operated by
Messrs. Ben Smith, John Wilson and
Andrew McEwan was well patronized
during the day.

A heavy shower of rain brought the
day's sports to a somewhat sudden end.
Later in the afternoon a large
number assembled at Mr. Richard
Wilson's where the light fantastic was
tripped in the cool shades of the even-
ing.

An enormous pelican has recently
been stuffed by Patterson and Garvin.
The bird stands 4 feet 6 inches high
and was shot at Long Lake. It is the
property of Mr. Kern of the Brunswick

The Toronto Ideals.

On Saturday evening the Toronto
Ideal Company, comprising the well-
known artists Messrs. Cameron and
Warrington and Miss Lilli Kleiser and
Miss Minnie Martin gave a concert
under the auspices of the Brotherhood
of Railroad Trainmen. An indifferent
house greeted the entertainers. War-
rington, who was the only one of the
company who had not appeared in
Moose Jaw before, has a rich and
splendidly trained baritone voice
which came out well in such selections
as "Hungarian Love Song," and
Trotter's "Deathless Army." Miss
Kleiser, of course, captivated the audi-
ence with "Lullaby" and dear old
"Annie Laurie." Cameron's best was
"Dawn on the hills of Ireland," the
effect of which was heightened by
"Come back to Erin," beautifully play-
ed by Miss Martin. Again in the
"Brakeman at Church" Mr. Cameron
appeared to good advantage, but the
rank and file of the audience appre-
ciated most his inimitable short stories
and sketches. The two duets "The
Crooked Baboon" and "Mr. and Mrs.
Bell" by Miss Kleiser and Mr. War-
rington were charmingly rendered.

The company remained in Moose
Jaw until the arrival of Sunday even-
ing's train when they left for Medicine
Hat.

The School Board Meets.

A Regular meeting of the School
Board was held on July 5th.

Present: Thos. B. Baker, W. W.
Bole and C. A. Gass.

Minutes of Regular meeting, June
7th and special meeting June 28th,
read and on motion of W. W. Bole,
seconded by C. A. Gass, minutes were
adopted.—Carried.

Chairman reported engaging a man
to climb flag staff and place rope through
pulley, and agreeing to pay him \$10
for service.

Moved by W. W. Bole, seconded by
C. A. Gass, that J. Bellamy's account
of \$5.25 and H. Benny \$10 for climb-
ing flag staff be paid.—Carried.

A communication from Miss Addie
McFadden was read and received.
Moved W. W. Bole, seconded by C.
A. Gass, that Secy. be instructed to
place advertisements for teachers for
Primary and Junior Departments,
in the following papers: Moose Jaw
Times, Winnipeg Free Press and Reg-
ina Leader. Junior Department
applicants must hold 2nd class profes-
sional certificate.—Primary department
must have had experience.—Carried.

Moved by C. A. Gass, seconded by
W. W. Bole, that chairman find out
from C.P.R. cost of 4 inch pipe to
place on water spouts to carry away
water from foundation.

Adjourned.

The Fax-Abbott Concert Co.

The local lodge A. O. U. W., who
brought the above company to Moose
Jaw, spared no pains to make Tues-
day evening's concert a great success.
The sale of tickets was great and the
company had a large house. The
comique Sim Fax scored a great success
in such character selections as "Waltz-
ing as she was waltzed" "A Day at the
Circus" "Silver Moon" etc. Fax is a
hoist in himself and kept the audience
in uproar. Miss Stevenson was suf-
fering from a severe cold but rose
superior to the occasion. Her songs
were charmingly rendered and more
than once she good naturedly respond-
ed to enthusiastic encore.

Mr. Abbott, in his short selections
and such sketches as "The Lightning
Rodder" and "Conner" received a good
hearing. His heavy piece, however,
Tennyson's "Revenge," while excellent
from an elocutionary standpoint, is
not suited to the average western
audience. Miss McHardy, the pianist,
has great delicacy of touch and is an
artist of no mean order.

"QUITE A JOB-LOT."

The Queen vs. Annie Burns—A
Unique Collection of Bric-
a-Brac—Trial Before
the Magistrate.

The adjourned case of the Queen vs.
Annie Burns, came up before Seymour
Green and J. E. Annable, J. P's. on
Saturday morning. As far as can be
gathered from the evidence the facts
appear to be as follows:—Annie Burns
was hired as a domestic in the Ottawa
Hotel. She left on the evening of
July 5th. Next day some knives,
forks, spoons, napkins and fruit dishes
were missed. On the night of the 6th
Miss Burns came for her trunk, which
had been placed in Mrs. Holt's bed-
room. Mrs. Holt was in bed and re-
fused the girl her trunk saying that
Mr. Holt wanted to see what was in it,
and she would not allow it to be removed
until the morning. Hot words passed
between the women and Miss Burns
forced open her trunk and threw out
some of the things on the floor. At
this Mrs. Holt got out of bed and put
the things back into the trunk and
shoved the girl out of the room; at the
same time telling her that she would
not examine the trunk until day light.

Next morning Mr. Holt procured a
search warrant and had the trunk
searched by Constable Balderston. A
pair of curling tongs, two pans, a key,
a pair of boots, an old apron, a pillow-
slip, a towel and a toilet box were
found. Those Holt claimed as his prop-
erty. The defence was that the curl-
ing tongs had been borrowed from Mrs.
Holt and that she at the time had a
pair belonging to Mary Burns who
shared her sister's room. The boots, it
was claimed, were a pair which the girl
used when scrubbing. Mrs. Holt, hav-
ing given them to her for that purpose
The toilet box it was further claimed,
had originally been the property of a
young man answering to the name of
Saunders, having been presented to
him by a young lady. He in turn
gave it to Mary Burns. A number of
knick knacks were kept in the box and
the presence of the key was explained
in this way. Mrs. Holt on the other
hand, claimed to have made the box
herself. Mr. Wm. Grayson stated
that the accused was in his employ for
three months and testified as to her
honesty and good character. Mary
Burns stated that she shared her
sister's room and assisted her in pack-
ing her trunk. She said that the pens
were her own property.

No attempt was made on the part of
the defence to account for the presence
of the apron, towel and pillow case.
The accused girl testified in her own
behalf that she was not in need of such
things and did not steal anything and
knew nothing about the loss of the
silver. The magistrates will deliver
judgment to-morrow. T. C. Johnston
appeared for the crown, W. J. Nelson
for the defendant.

All the children, their pa's and ma's
brothers, sisters, aunts, uncles and
cousins will have a desire to see the
smallest elephants in the world and
the only American born pachyderm

Star spangled banner, worth ten times
their weight in gold, and constitute
only one of the many interesting sights
with Sanger & Lent's Great Show,
which will exhibit at Moose Jaw on
Wednesday, July 26th.

Major Cotton, of Prince Albert was
married on Friday evening to Miss
Eleanor White, daughter of the late
Minister. The marriage ceremony has
been performed by Rev. W. L. Clay at
the Mansie. Mr. and Mrs. Cotton
spent a few days in town, the guests of
Mr. C. W. Abbott, and left for
Prince Albert on Tuesday.

THE MOOSE JAW TIMES

FRIDAY, JULY 14, 1893.

Shall I Complain?

Shall I complain because the feast is over,
And all the banquet lights have ceased to
shine
For joy that was and is no longer mine;
For love that came and went, and comes no
more;
For hopes and dreams that left my open door
Shall I, who hold the past in fee, repine?
Nay! there are those who never quelled life's
wine—
That were the unluckiest fate one might de-
plore
To sit alone and dream at set of sun.
When all the world is vague with coming
night—
To hear old voices whisper, sweet and
low,
And see dear faces steal back one by one,
And thrill anew each long long past dis-
light—
Shall I complain who still this bliss may
know?

SALMAGUNDI.

"Draw nigher till I whisper in thine ear."
OLD SONG.

One of our town fathers was seen late
the other night, walking slowly up the
street and commenting thus with him-
self:

To pave, or not to pave, that is the ques-
tion—
Whether 'tis cheaper in the end, to suffer
The dirt and slush of this outrageous thor-
oughfare:
Or to take measures 'gainst a sea of mud,
And by taxation end it? To pave—) and
walk
Secure and by that payments say we end
The mud and dust and the thousand mighty
shocks
That flesh is heir to,—'tis a consummation
Deviously to be wished. To pave—but then
To pay!—to pay the tax! say 'there's the
rub;
For in that tax are dollars good, that I
Have grumbled and pinched and sweated for
of yore—
That gives me pause there's the respect that
makes
Calamity of these local improvements
For who would not bear the jolts and
splashes
Ruts and mudholes, and the ruined boots
That others take,—even to let the street be-
come
A swamp,—an impassable ravine to which
No traveller returns a second time.
Rather than pay out money for welch is,
After all, an unnecessary expense?
But soft!—

Here the soliloquist stepped off the
end of the sidewalk into mud and water
up to his ankles, and he resolved that
the crossings should be constructed if
busted the municipality.

It is reported that king George of
Greece has abdicated the throne and
the people declared a republic. In
such weather as the present George
might become a gross-spot with
out creating much excitement

More than a hundred writers in
England, male and female, have writ-
ten the life of Gladstone, and have the
manuscript all ready so they can rush
to the publishing house with it the
moment the Grand Old Man's death is
announced.

Canadians sometimes revel in sa-
vage comments on the ignorance display-
ed in England with respect to our
geography. Apropos of the visit of
Prince Roland Bonaparte, the French
press of Montreal has been amused by
an item in the Paris *Figaro*. Trans-
lated it reads thus:—"Prince Roland
Bonaparte, with his suite has arrived
in Winnipeg, in the United States. He
was received by the Mayor and other
notables with the cry 'Vive la France!' He
afterwards witnessed a grand re-
view of the garrison of Sioux Indians.

The Rymal Case.

BRANTFORD, March 27.—Archie
Rymal who was discharged from the
hospital here some time ago, as incur-
able, suffering from a complication of
diseases, resulting from diseased
kidneys, has been cured by Dodd's
Kidney Pills. His case is the current
talk of the town. So far was he run
down that he lost the power of his arms
and legs, and the muscles of neck, and
was as helpless as a child. He is now
a strong healthy man again, and never
tires talking of that wonderful remedy
which saved his life.

CARNEL CHIRPINGS.

An accident which might have pro-
ved more serious happened here on
Thursday evening to Miss Ida Powell
while riding. Her horse took fright
and bolted. The saddle turned with
her but luckily she freed herself from
the saddle and escaped with a few
slight bruises about the hips and
arms.

Great credit is due to the ladies who
thoroughly cleaned the school house
and put it in a fit state for service, as
it has been anything but clean since
spring opened. A few posts put in the
ground would be a great conveni-
ence as people driving to church have
no place to tie their horses unless
they unhitch and tie them to their rig
Now as the ladies have done their
part why do not some of the sterner
sex take interest enough and have a
proper place fixed for horses?

Did the man who went to get his
plough-sharpened leave it in the
rig accidentally or did he do it of malice
aforethought?

Mr. and Mrs. W. D. Palmer were
visitors at W. J. Glover's last week.
They say T. W. had "a good eye"
when he got the new buggy. It suits
their fancy.

The New Australian Route.

VICTORIA, B.C. July 9.—The steam-
ship *Miwera* on the first return trip to
Australia reached Honolulu Wednes-
day, June 21, six days sixteen hours
from Victoria. An average of sixteen
knots per hour was easily maintained.
This passage brings Honolulu as close
in time to Vancouver as to San Fran-
cisco heretofore, though the distance
is 300 miles greater. Several tourist
passengers remained in Honolulu. The
fish in the cold storage for Sydney was
reported in perfect condition.
The Australian papers give particulars
of a banquet held on board the steamer
"Miwera" before her departure for
Vancouver, at which James Huddart,
managing owner of the Canadian-Austra-
lian line, stated that orders have been
given in England for the construction
of a third vessel for the line. The new
steamer will be larger and more power-
ful than either the "Miwera" or the
"Warrimoo."

For the Far North.

PORTLAND, Me., July 9.—Steamer
Falcon, bearing the Peary Arctic ex-
pedition sailed from this port at 1
o'clock Saturday afternoon. A big
crowd was on the wharf to see her off,
and as she steamed away cheer after
cheer went up, Peary and party on
deck waved acknowledgements. The
lieutenant proposes to make a brief
stop at Eagle Island, fourteen acres
large, and five miles off Harpell. He
bought this island soon after he left
college, and as it is the only real estate
he owns he wants to go ashore and
take a look at his property. The mem-
bers of the party are in the best of
health and spirits.

The Things
We Prize Most

are not the gewgaws and glances
we gather about us. Every life, of
course, has its sacred things—day
world man is prone to value most
those things which serve him best.
Not much sentiment in this, per-
haps, but some sense all the same.

The
McCormick
Machine of Steel

takes first rank the world over.
Hundreds of thousands of grain
growers call it the best harvester
and binder that ever went into a
grain field, and they prize it accord-
ingly. It isn't sentiment with them
—it's just plain, old-fashioned com-
mon sense. They like it best be-
cause it serves them best.
It costs more money than some
harvesters, but that's because it's
more valuable. Its advantages more
than offset the added cost.
The "Machine of Steel" is built
to harvest the grain crop of the
world, and to do it better than any
other machine.
Perhaps you may care to know more
about this harvester. Our catalogue will
interest you.
